Prospective projects are invited to contact the GNDF team via any of the email addresses above.

GNDF

- GNDF seeks to deliver significant carbon reduction and support green industry and job creation by providing flexible and competitive finance to enable, accelerate and enhance viable low carbon projects across the NTCA region.
- GNDF can provide loans on terms up to 15 years, grant and equity to projects.
- GNDF can provide up to 50% of the investment required. GNDF can invest between £0.2m to £2m.
- Examples projects the GNDF could fund include community energy schemes, Electric Vehicle (EV) charging solutions, a retrofit of a building, small scale renewables and low carbon heating systems.
- GNDF can either directly lend / invest into an SME based on a contracted pipeline or lend to an eligible client(s) served by the SME should the projects satisfy the GNDF Investment Criteria.

FUND OVERVIEW

Focus	Energy Efficiency, Decentralised Energy, Small Scale Renewables, Low Carbon Transport, Natural Capital
Investment Size	£0.2m to £2.0m
Application Deadline	On a first come first served basis up to October 2025
Carbon Investment Criteria*	For every £4,525 invested a project must save a tonne of carbon
Energy Efficiency Investment Criteria*	Energy efficiency projects must create a 10% reduction in energy costs
Available Funding	Loan, Grant and Equity
Investors	NTCA, Amber

*A member of the GNDF team can support you with assessing whether your project meets the Carbon and Energy Efficiency criteria

INVESTMENT STRATEGY FOR LOW CARBON TRANSPORT

- A GNDF loan can fund:

Charging Infrastructure or Alternative Fuel Infrastructure

Low Emission Vehicles

Grid Infrastructure Upgrades

Project Costs

- Projects must be delivered as a whole place solution which focuses on more than just low carbon transport such as renewables or energy storage.
- GNDF equity can be used for growth capital for businesses with operations based in the North of Tyne Combined Authority region.
- Projects should seek to support local supply chains and jobs.

GNDF IS ACTIVELY WELCOMING FINANCING ENQUIRIES FROM PROSPECTIVE PROJECT SPONSORS
